Conservative Meeting

John Herron Addresses the Electors of Claresholm

The most successful political meeting ever held in Claresholm was the one addressed by John Herron, M. P. for Macleod and A. J. Robertson, leader of the opposition in the Alberta legislature in the I.O.O.F. Hall last Monday evening. The hall was well filled with an appreciative audience, among which were quite a number of ladies. It was expected that A. B. Macdonald, the liberal candidate or someone else on his behalf would have been present to speak for the present government but neither Mr. Macdonald nor his representative showed up and with the exception of a short speech by Wm. Wooster on behalf of the socialist candidate the meeting was one-sided.

Mr. I. L. Wannamaker acted as chairman and upon taking the platform invited opposition speakers, if any, to come forward but none came. He then called on Mr. A. J. Robertson, M. L. A. for High River. Mr. Robertson spoke for over half an hour dealing principally with the question of provincial rights and proved without the shadow of a doubt that the Dominion Government had not given to this province what should rightly belong to her. He showed that owing to the withholding of the public domain from this province she would, unless her just rights were restored to her, in a very few years be up against the question of direct taxation. Under the present state of affairs this cannot be avoided. Mr. Robertson during his speech showed that he had a good grasp of provincial affairs and of the relation that should exist between the province and the Government.

Upon rising to speak Mr. John Herron was well received and dur-

ing his address of over an hour and a half he was given the best of attention. This was Mr. Herron's first public appearance in Claresholm since the election of four years ago. During that time he has developed into a speaker of no mean ability and many of his old friends were rather surprised at the elegant way in which he expressed himself. Owing to a bad cold and the strain of a long contest, Mr. Herron was not feeling as well as usual and it took a short time to get warmed up to his subject. He was concise and convincing throughout and drove the facts, which were brought against the Government, home with such effectiveness that all present knew that he was sincere and truthful. At no time during his long address did he lower himself to say anything personal against his opponent, Mr. Macdonald. Even when discussing the charges which had been made against himself personally, by speakers and the press on behalf of Mr. Macdonald, he said that he believed that Mr. Macdonald had nothing to do with these.

In discussing these charges, he proved, to the satisfaction of every fair-minded person present, that every one of these was false and slanderous and simply intended to win votes for his opponent. Of his own record in the House of Commons, Mr. Herron spoke at some length, showing that he has done much for the people and district which he represents and upon that record mostly he placed himself before the people for re-election. In dealing with the land question as applied to this province, he gave figures to show and prove that Alberta would have been several million dollars per year better off in revenue if she had been given control of her public domain. It is the policy of the Conservative party to restore this public domain to the province if the Conservatives come into power at this election.

The railway question was also fully dealt with. The speaker proved, without the shadow of a

HOW WILL YOU VOTE?

Next Monday the electors will be asked to cast their votes in support or condemnation of the present government. To many this is a serious question. A large percentage of the electors in this district are from the United States and are voting here for the first time. They hold the balance of power and the outcome of this contest depends on their vote.

If you are going to vote Liberal, what are your reasons?

Do you consider the Liberal party responsible for the good times? Then they are just as responsible for the good times in the States, and they are actually responsible for the hard times and tight money of the first half of this year.

Do you like the Liberal tariff policy? They have preached low tariff for years, but in two years they have only lowered the tariff one-half of one per cent. A year or two ago the Liberal tariff policy in the House of Commons voted in a measure of Commons voted in a measure to reduce the duty on farm implements from 17 1/2 per cent. to 10 per cent.

Was it the Liberal party that brought so many good American settlers into this country? Did they pay your way and furnish you with a home when you got here. No; they did not think you as desirable as the Doukhobors or Galicians. These people were given bounties and free passage to come here. It was the Conservatives that laid the foundations and brought about the conditions that made a large influx of settlers into this country possible.

Do you believe in supporting a government that has allowed graft in almost every department of its public service to go unopposed?

Do you believe in supporting a government that has made from its own members, millionaires, from funds belonging to the people of Canada? Where else did Sifton, Adamson, Burrows, Turrell and many others get their millions?

If you do not believe in these things vote for the conservative, John Herron, and honest government. If the conservative do not give you better and more honest government you can easily turn them out at the end of five years.

A PETTY SMALL TRICK

For some time the Liberals have had the L.O.O.F. Hall rented for tomorrow and the arrangement with the manager was that they should have the hall from midnight, Friday to midnight Saturday. Their meeting is at 2 o'clock Saturday afternoon. The conservatives have tried to get the hall for the evening but they were flatly refused. Then they

tried to get the privilege of putting in a speaker at the Liberal meeting. Here again they received at first a cold refusal but after the party house had a consultation they did concede to allow the opposition 30 minutes while they themselves could take all the rest of the afternoon. At every conservative meeting where a socialist or liberal has requested to speak they have been given a full hour. The action of the Liberals in this matter reminds one very much of "the Dog in the Manger."

The Liberal party are accusing the Conservatives of giving the C. P. R. to much money and land. They did give the C. P. R. \$25,000,000 and 25,000,000 acres of land, but the Liberals themselves under Alexander MacKenzie gave a bill through parliament granting any company, that would build this road, \$60,000,000 and 60,000,000 acres of land. Financial men at the time said the bill in the Liberal party that the government could not get anyone to build the road even for that enormous amount of money and land.

Why You should Vote for John Herron.

1. Because John Herron is the friend of the poor man, the friend of the settler, and the friend of Alberta.
2. Because John Herron supported and advocated all true schemes for the development of the West, by the way of more railways which are not for the purpose of feeding American roads, to the detriment of Canada.
3. Because John Herron stands for a better class of settlers than Doukhobors and Galicians.
4. Because John Herron stands for an honest administration of public affairs, for no affairs are honestly administered when a minister of the crown so practices his office as to be able in six years to graft on the public domain to the extent of millions of dollars (as Sifton, Burrows, et al, have done), which records show has been done.

The Tittle-Tattle comes very high

Hamilton Spectator: Finance Minister Fildes says the evidence of graft are more "tittle-tattle." Can these cases be so described: Ex-Premier Parent, of Quebec, with other politicians, had the chance to build the Quebec bridge. They received \$75,000 as free gifts. Then Sir Wilfrid Laurier loaned them \$75,000 of public money. The interest on the money loaned and the cost of operating the bridge was to be \$215,000 a year, and the income \$175,000.

So that there was to be a profit of \$150,000 a year for those politicians.

The Grand Trunk Pacific townsite syndicate has received 15,000 acres of public land at \$5 an acre, and is selling town lots on this property at from \$50 to \$400 each.

The price which the country ought to have been \$8,000,000 and more.

Hardly Dewar got into a good thing—the sub-ter contract. The company was to supply 1000 machines at \$250 each, the cost of which was \$61 each.

There was a profit of \$186,000 in this one deal, and the leading Liberal of Toronto had \$60,000 of the stock of the company.

A. W. Fraser, president of the Liberal association of Ottawa, is said to be worth millions.

Metreger and Hitchcock two of Sifton's best workers in the West, secured the Alberta Irrigation grant. They got 380,000 acres without paying a dollar down for it, and sold to an English syndicate for \$340,000.

If this is "tittle-tattle," it is "tittle-tattle of the most expensive kind."

Notice to the Public.

Everyone is aware that the late firm of H. Rowe & Co. have been in very difficult circumstances of late and narrowly escaped bankruptcy proceedings. In fact proceedings were started against this firm, but were afterwards withdrawn, when we promised to make an extra effort to get our accounts collected, feeling sure our many friends would respond to our need, for, as everyone knows, if our patrons don't pay us we can't pay our accounts, and of course the business is handicapped and we have to pay as high as 10 per cent. interest, so there was nothing left us to do but turn our accounts over to Mr. Haasim, our lawyer, to collect for us. Now we are sorry to annoy our friends, but they can see we can do nothing else. We have given the above gentlemen part of our accounts to collect, as we must have money at once to hold our business, and some of these accounts are of very long standing. We have as yet had scarcely any response to our appeal. A few of our best friends came forward and acted with us and we took this opportunity to thank them for the help they have given us, and desire also to state that all accounts owing to the late firms of McTearns & Rowe or H. Rowe, please send workshop, or H. Rowe & Co. must be paid at once or we must start proceedings to get these accounts settled by cash or note, as this firm has changed hands and will be run in future by Messrs. Atwood and Boniface. All accounts must be paid to the above gentlemen or Mr. M. O. Heslin, lawyer. We think our many friends for their past support and trust that many more will be added to our list of patrons. We will do our best to give them entire satisfaction.

Call and see us for all kinds of work. Buggies repaired while waiting.

Conservative Meeting.

Continued from page 1.

doubt, that the barge made with the G. T. P. was a much worse one than that made with the C. P. R. twenty-five years ago. But he said that the country was consoling itself to this project and it would be completed, no matter which party was elected. The Conservatives stand committed to build the Hudson Bay railway, and if elected would see that it was done as soon as possible, while the Liberals had only voted \$100,000 towards it, and this only for preliminary survey. They openly made the statement that this was only intended to catch votes.

At the close of his eloquent address the audience showed their appreciation by cheer after cheer for Ernest John Herron.

While Mr. Herron was speaking Wm. Woster made his appearance on the platform, and after Mr. Herron had finished, spoke for a short time on behalf of the socialists. His speech did more to cause amusement for the crowd than anything else.

The meeting was a triumph for Conservatives, for many who went to it with open minds came away staunch Conservatives and are now openly working for the cause of purity and government.

Alberta Sunday School Association.

The Seventh Provincial Sunday School Convention is to be held in Medicine Hat, November 3 and 5.

The principal speaker will be Mr. W. C. Pearce, international superintendent of the adult department. Mr. Pearce is a very interesting and practical speaker. He is the leader of the adult department, the progress movement of the Twentieth Century in Sunday school work. It is practically through his efforts that the department has become so prominent during the past few years. Thousands of men through the work of the department have been gathered into the Sunday schools in all parts of the North American continent. At the recent International Convention held at Louisville, Ky., under Mr. Pearce's leadership, 1200 business men belonging to the adult classes marched through the streets of that city and demonstrated to the public that the Sunday school is no longer to be regarded as simply for little children, but that it is for men of the highest caliber. The Sunday school workers of the province should make a social effort to hear Mr. Pearce.

This promises to be a most interesting gathering ever held in the province. The general theme is "The Twentieth Century Sunday School organized for effectual work." The different phases of the organization and work of the up-to-date Sunday school will be discussed. The Sunday school should be the Christian center of the Church in all lines of Christian effort, hence this convention will endeavor to show what the Twentieth Century Sunday School should do in training workers in soul winning, in character building, in moral reform, in reaching the homes, in reaching the neglected masses, and many other lines of activity.

Each school can send the pastor and superintendent, and one additional delegate for each twenty-five (25) of the enrollment or fraction thereof. The Provincial Board hopes that all schools will send full delegations.

Roman Catholic Church.

Services will be held on the 4th Sabbath in each month, until further notice, in the church at 10.30 a.m.

GURNEY-OXFORD

means range perfection.

FOR years the name "GURNEY-OXFORD" has stood for the highest development in cooking ranges. No matter what conditions the range must meet, no matter what price you wish to pay, you will get more range efficiency for your money in the "Gurney-Oxford" lines than in any other that's built.

Golden Nugget Steel Range

is built of dead flat, patent levelled steel and lined with asbestos—the kind that stands all kinds of heat and never warps or cracks.

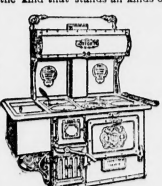

It's supplied with the new Gurney-Oxford reversible grate, too. The grate with the interlocking teeth that cut off a dead ash pan, when operated, and makes the fire respond quickly. No good coal drops through it either, every particle is burnt. That is one of this range's fuel-saving features.

This grate can be removed and a two-burning grate substituted without moving a bolt or a screw. Tien, notice the extra large oven—splendid for baking dry. And the drop door forms a solid shelf for baking.

The fire fittings can be removed without disturbing the top—that means economical repairs.

The Gurney-Oxford Golden Nugget Range is a low-price range with high-price efficiency. We would like to explain it to you in detail.

We know that once you have seen it you won't be satisfied until you have this labor-saving, fuel-saving range for your kitchen.

GURNEY-OXFORD Chancellor Range

built of patent-levelled, dead-flat steel—will last a lifetime. Fitted with the Duplex reversible grate, which can be removed without disturbing the linings. The Gurney-Oxford Chancellor range saves fuel, fuel and worry, takes all the bother out of cooking.

COMMUNICATION.

Macleod, October 19th, 1908.

All fair-minded persons of both parties are up in arms against the manner in which the office here are conducting the public business. The manner in which the election is being carried on is absolute proof of incompetency and jealousy. Incompetency of the local officials and jealousy of some who are wise as to how to do it, and to do it well.

Mr. John Holder, barrister at the Queen's hotel, Macleod, is the organizer for Macleod. He holds the job on the day shift and sells the booze to all comers who have cash. Mr. Holder, the booze-selling organizer, has his office, according to the published notices, in the Queen's hotel from 7 p. m. until 5 a. m. (how generous when he is only compelled to be in office for two hours each day for eight days before the election) but he has held the job for months. The public are therefore notified that if they require any amendment to the list of voters, to call at the Queen's bar. But you Tories see that you have the price—on jaw bone goes from you. After the generous duties are fulfilled, Mr. Holder returns to the Liberal committee rooms where he can be found if you are liberal, and if he is busy singing booze in office hours he says "take you time old man, take your time, I will be with you in a minute." Blood-money pays me first and it is a READY JOB." But he may be busy all day and then what? Shut up Tories and some on Grigs. Yet when the booze singing commences was approached about the difficulty of seeing him as a public official he smiled and said "sit down and be good, I will be with you, but I don't care a — you have to come to us; we are it those times."

The notices required by section 48 of the Election Act must be up on the 17th, but the holder was admitted to the hall as well as many of the enumerators from outside districts on Saturday, the 17th, which must be long after the lists were ready. But read the Act. "After taking the oath, get the list ready." The list is a beauty to behold. Many of the names have no initials, residence or occupation as required by law, and the certificate is without date, and in some places none at all.

Nor is this the only matter that indicates the hand of the "thin red line" who were here some three weeks ago. Leach's Township 12 in range 21, west of the 4th meridian must have sunk in the deep waters of abolition and the twenty-nine Conservatives and the one good Liberal have no place to cast their vote; they are not on the map, and we ask the reason why? If they are dead we will go to the funeral, and if the bodies are not found by dropping the slums of political corruption, we will mourn their loss, but we would like to see them, so long as they live in Macleod, let us extend to them the rights of a people living in a country where there is no theory, if not in practice, a system of representative government. Nor is this the only instance of slanders—the purpose of party gals—of leaving out long-haired Conservatives, who, for many long years, have suffered no party, and who have been in and formed in our midst. Sections 1 and 4 in polling sub-division 77 are also off the map, yet it is all settled with good farms. George West, who grew the wheat that took all prizes in shows and fairs, is sunk in the sea of Liberal jobbery, and A. L. is in the swim without a boat. They have eight or ten. If and S. Taylor to Leach, will

Fire at Granum.

On Wednesday evening last, Satcha Bros' livery barn in Granum was burnt to the ground. The fire started in the hay loft about six o'clock and soon the whole building was in flames. From here the fire moved to the sheds a buildings at the rear of the livery barn and then to Dr. MacMillan's barn which was also completely destroyed. The loss of the fire was about \$10,000. The fire was saved through the good work of the fire fighters. The horses and every thing movable in both barns were saved.
